How to play **Boss & Boss** in 8 panels →

1 You run a small company in Shah Alam...

2 *Every week, someone walks in with a problem card.*

"School holidays. Can I bring my grandson to work?"

← Sorry, no

Yes, this week →

3 *Swipe the card LEFT or RIGHT to decide. (Or tap the two buttons.)*

4 Every choice moves 4 bars.

Watch the cash ah! I invested RM50k in 2009, you know.

5 EMPTY bar = game over. FULL bar = ALSO game over!

Cash | Morale | Law | Image

Bankrupt!

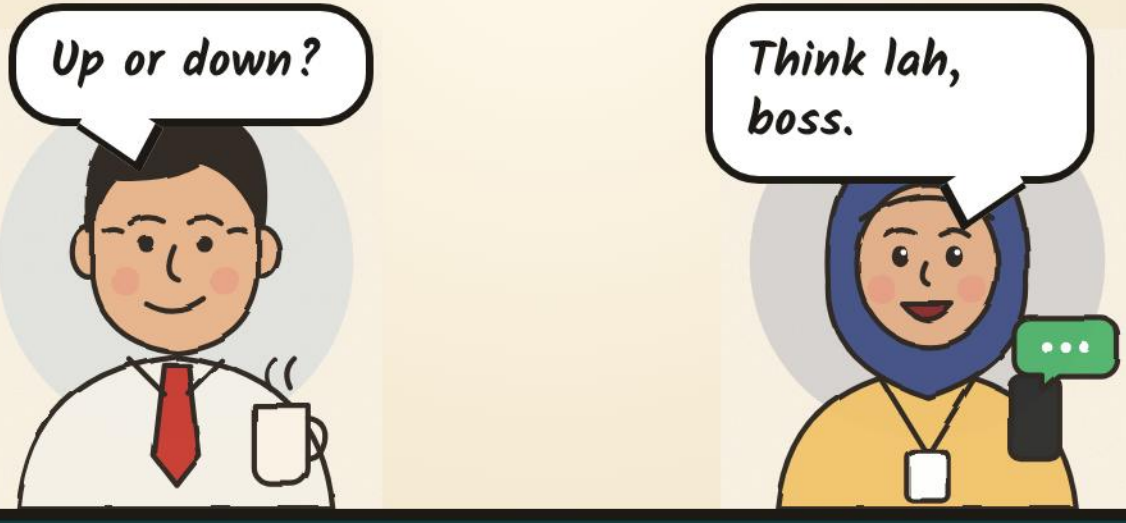

Buried in paperwork!

Too happy also cannot ah?

6 *Dots show which bars will move. Bigger dot = bigger change. But NOT which way!*

7 *Keep all four bars in the middle for 3 years to win.*

8 *At the end: see your HR style and what the law says. In a workshop, send your result to the trainer by WhatsApp.*
